Education

Vellore Institute of Technology — Bhopal, Madhya Pradesh
Integrated M tech CSE (Data Science and Computational) - 8.88/10 — Expected June 2027
Govt. Higher Secondary School Talen (12th Standard) - 92.4% — Talen , Rajgarh (May 2022)
Govt. Girls High School Talen (10th Standard) – 97.6% — Talen , Rajgarh (June 2020)

Projects

PDFMind :- (Google Gemini, LangChain, Pinecone, Node.js, Vector Embeddings, RAG) [LINK] — **August 2024**

- Built a complete RAG-based PDF Q&A system using Google Gemini, LangChain, and Pinecone.
- Implemented semantic search and vector embeddings for context-aware information retrieval from user-uploaded PDFs.
- Designed a web interface with reliable AI responses, ensuring answers come strictly from the document context.

SliceStats:- (SQL, Microsoft SQL Server, Microsoft Power BI, Data Visualization) [LINK] — **July 2025**

- Built an end-to-end Pizza Sales Dashboard using SQL Server for backend data management and Power BI for interactive visualization, enabling real-time business insights.
- Developed and optimized SQL queries to calculate KPIs (£817.86K revenue, 50K pizzas sold, 21K orders) and analyze sales trends, product performance, and customer behavior.

FaceTruth :- Deep Fake Detection System (Image - Based) [LINK] — **Feb 2025 - April 2025**

- Developed a deepfake detection platform using CNN with transfer learning and data augmentation, trained on 4,000+ images, achieving high-accuracy binary classification.
- Deployed a real-time prediction system with Flask, enabling seamless image upload and instant deepfake detection.
- Optimized features and regularization to boost model performance

Technical Skills

- **Languages:** Java, Python, R, MySQL, JavaScript
- **Frameworks & Libraries:** Django, React, Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn.
- **Tools & Platforms:** Git, GitHub, Excel, Power BI, Tableau
- **Core Fundamentals:** Statistics & Probability, DBMS, Data Analysis Concepts, Machine Learning Fundamentals
- **Other Skills:** Data Analysis, Exploratory Data Analysis (EDA), Data Cleaning & Transformation, Data Visualization

Certifications

- NPTEL (Introduction to Machine Learning), October 2024 [Link]
- Coursera (Applied Machine Learning in Python), December 2023 [Link]
- Coursera (Introduction to Data Science with Python), January 2025 [Link]

Achievements

- **Google India Girl Hackathon 2025:** Achieved Semi-Finalist status from 57,000+ participants and qualified for a Google interview opportunity.
- **TCS CodeVita Season 13:** Cleared Round 1 (Rank 2701) and Round 2 (Rank 3533) at the global level.
- **STARS Scholarship:** Awarded 100% STARS Merit Scholarship by VIT Bhopal for securing the District Topper rank in Class XII.
- **INSPIRE Scholarship** (Govt. of India): Received ₹4,00,000 for academic excellence, ranking in the Top 1% of MPBSE Class XII
- **Abdul Kalam Scholarship (District Level):** Top 5 achiever, awarded ₹5,000 for academic excellence.

Extracurricular Activities

- Selected as a mentee for the Graphs Camp by Codeforces Master (Dec 2025) among 80,000+ students nationwide, with advanced training in graph algorithms and earned a certificate.
- Core Member of the Girls Hostel Mess Committee, VIT Bhopal.
- Participated in technical workshops organized by the Finance Club and Data Science Club.

Additional Information

Languages: Hindi, English **Hobbies:** Photography, Sketching.
